Summary:

The report has a clear presentation of result and the experiment process. This team has tried multiple hyper parameters, but if the author can present more about the methodology that would be better.

Strengths:

- Useful figures to support his conclusion
- Clear flow chart indicates its structure

Weaknesses:

- Maybe write more details about the final result
- Maybe some explanation about the data process

Clarity and writing:

- Understandable and clear writing.

Technical quality:

Clear writing and function dividing.
